

The unreached peoples of Eastern Equatoria we ministered among are living in bondage to fear and witchcraft. They were very eager to receive Jesus and the freedom He paid for! Many thanks to Andrew Howes for being our guest photographer

## Ten Days Ablaze...

Words cannot even begin to describe how Jesus led and met us every step of the way on our journey through Eastern Equatoria to visit some of our churches in the Chukudum area and meet our 26 children there for the first time. I had a vision several years ago of fire leaping up from Mozambique and landing in Yei and then igniting along the southern border from west to east: setting places ablaze with the revival fire of God's love. I believe these last few weeks with Rolland's visit and this trip is the beginning of that vision's fulfillment! We had the interesting confirmation of several key intercessors saw the same thing of fire going with us and all along the road once we reached E Equatoria the land was scorched by bush fire.

OPEN HEAVEN WELCOME

OUR CHILDREN WORSHIPPING

HUNGRY FOR HIM!

# Iris Sudan has three church plants among the Didinga, a primary school and cares for 26 children there.

We set out on a 3 day cross country trek filled with bumpy roads and glorious uncertainty.

The first night we camped at the Sudan Pentecostal Church in Juba and had a wonderful prayer time

with some youth staying on compound. Then on to Torit where sweet missionaries with a huge hospitality gift took us in. Day three we finally arrived in Chukudum after hours of pushing the car and slipping in the mud.

We have started an [Iris Ministries Sudan: Testimonies Blog](#) so the links embedded below will take you there where you can read as much or as little as you like. You can also access this new blog from our recently updated [website](#). Just click on the underlined text to read more.

After preaching a simple message of God's love and telling them about Jesus hundreds wanted to follow Jesus. The next day the scene repeated itself in

## STREET KIDS

Upon arriving in Torit we found out there are many street children hungry roaming markets scavenging for food, treated like flies to be swatted away and completely unreached. So we bought them all bread, had an outreach and planted a church in partnership with a local pastor who is a friend of ours! Over 30 lives won for the King and the Kingdom. Please pray for these precious ones.

## MIRACLES

We saw God do amazing things:

- Many visual impaired and two blind people got their sight back
- A paralytic man walked!
- Piles of witchcraft were burned.
- Fevers, pain, malaria and demonic torment: GONE in the name of Jesus!

## HOW WE CAN HELP

Please pray with us for our leaders and children of this area, as well as for the resources needed to support them and expand deeper into the unreached mountain villages there. Revival expectancy is hanging in the atmosphere.

church. Then [we burned a pile of witchcraft fetishes](#), saw God [heal the blind](#) and pain ridden, and baptized 75 of our new believers in 1 foot of mud and about 6 inches of water.

Monday we reached our school in Khartema after an hour of fighting the mud and finding a tractor to pull our barely running hired truck through. Here a young boy in our Iris Dream-Vision Primary School started by our local pastors had one eye that was completely blind from his earliest memory.

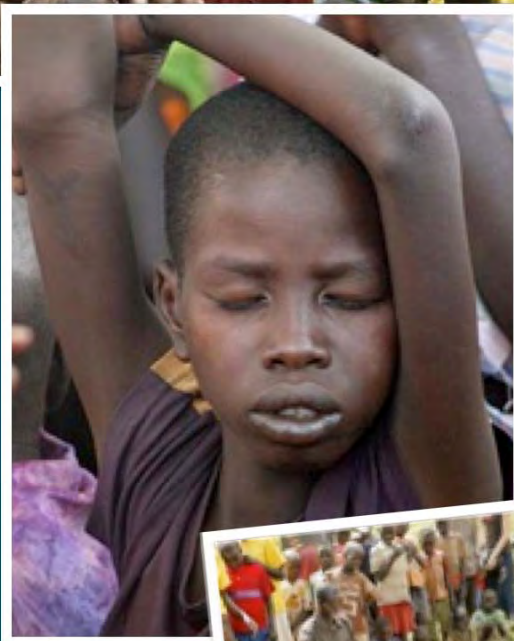

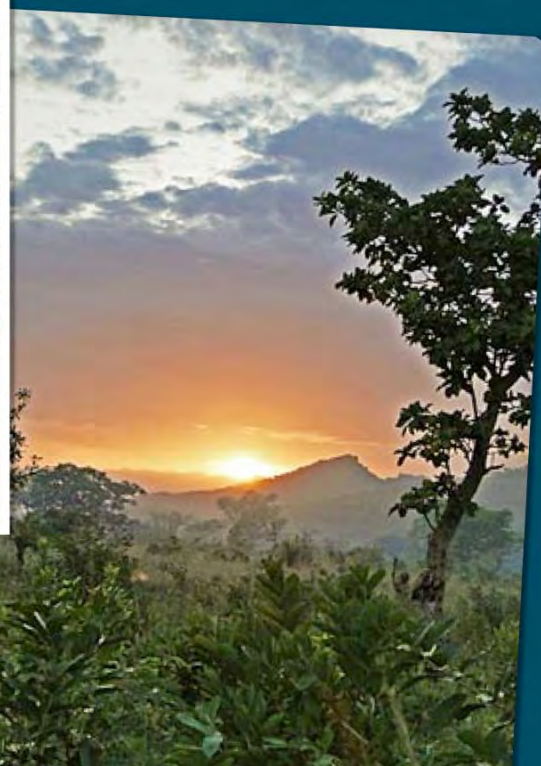

It was little more than a small whitish something in the socket but it was almost completely closed. We watched Jesus open his eye and the brown that was *not* there rolled around into place and he began following our fingers and telling us what He saw! I am ceaselessly humbled by the love of our Father!

Tuesday we preached in the markets and more were healed, set free and wanted Jesus... then we got to pray with all our Iris children and family and they received the baptism of the Holy Spirit with speaking in tongues and great amounts of laughter.

Wednesday it was on to Torit where [we planted a church among the street children](#).

Friday we returned to Yei. It was phenomenal open heaven journey into the heart of God! Thank you for praying for me as I am getting more and more opportunities to visit and take the message of God's love all over Sudan.

# A Few Thousand More Words...

It was truly 10 DAY ABLAZE with the supernatural love of God. He truly can do more in a day than we can dream in a decade if we simply trust Him and let Him be God. Thank you for standing with us in love and prayer! With MUCH love: Michele
